

Sandbach School Art & Design:ART

Inspire and challenge while developing cultural understanding and practical technique

Intent

A Level Intent:

-Independence of developing, refining and communicating their own ideas, intentions personal outcomes
 -Investigative, analytical, experimental, practical, technical and expressive skills, aesthetic understanding and critical judgement
 -Experience of working with a broad range of media
 -An understanding of the interrelationships between art, craft and design processes and an awareness of the contexts in which they operate
 -Knowledge and understanding of art, craft, design and media and technologies in contemporary and past societies and cultures

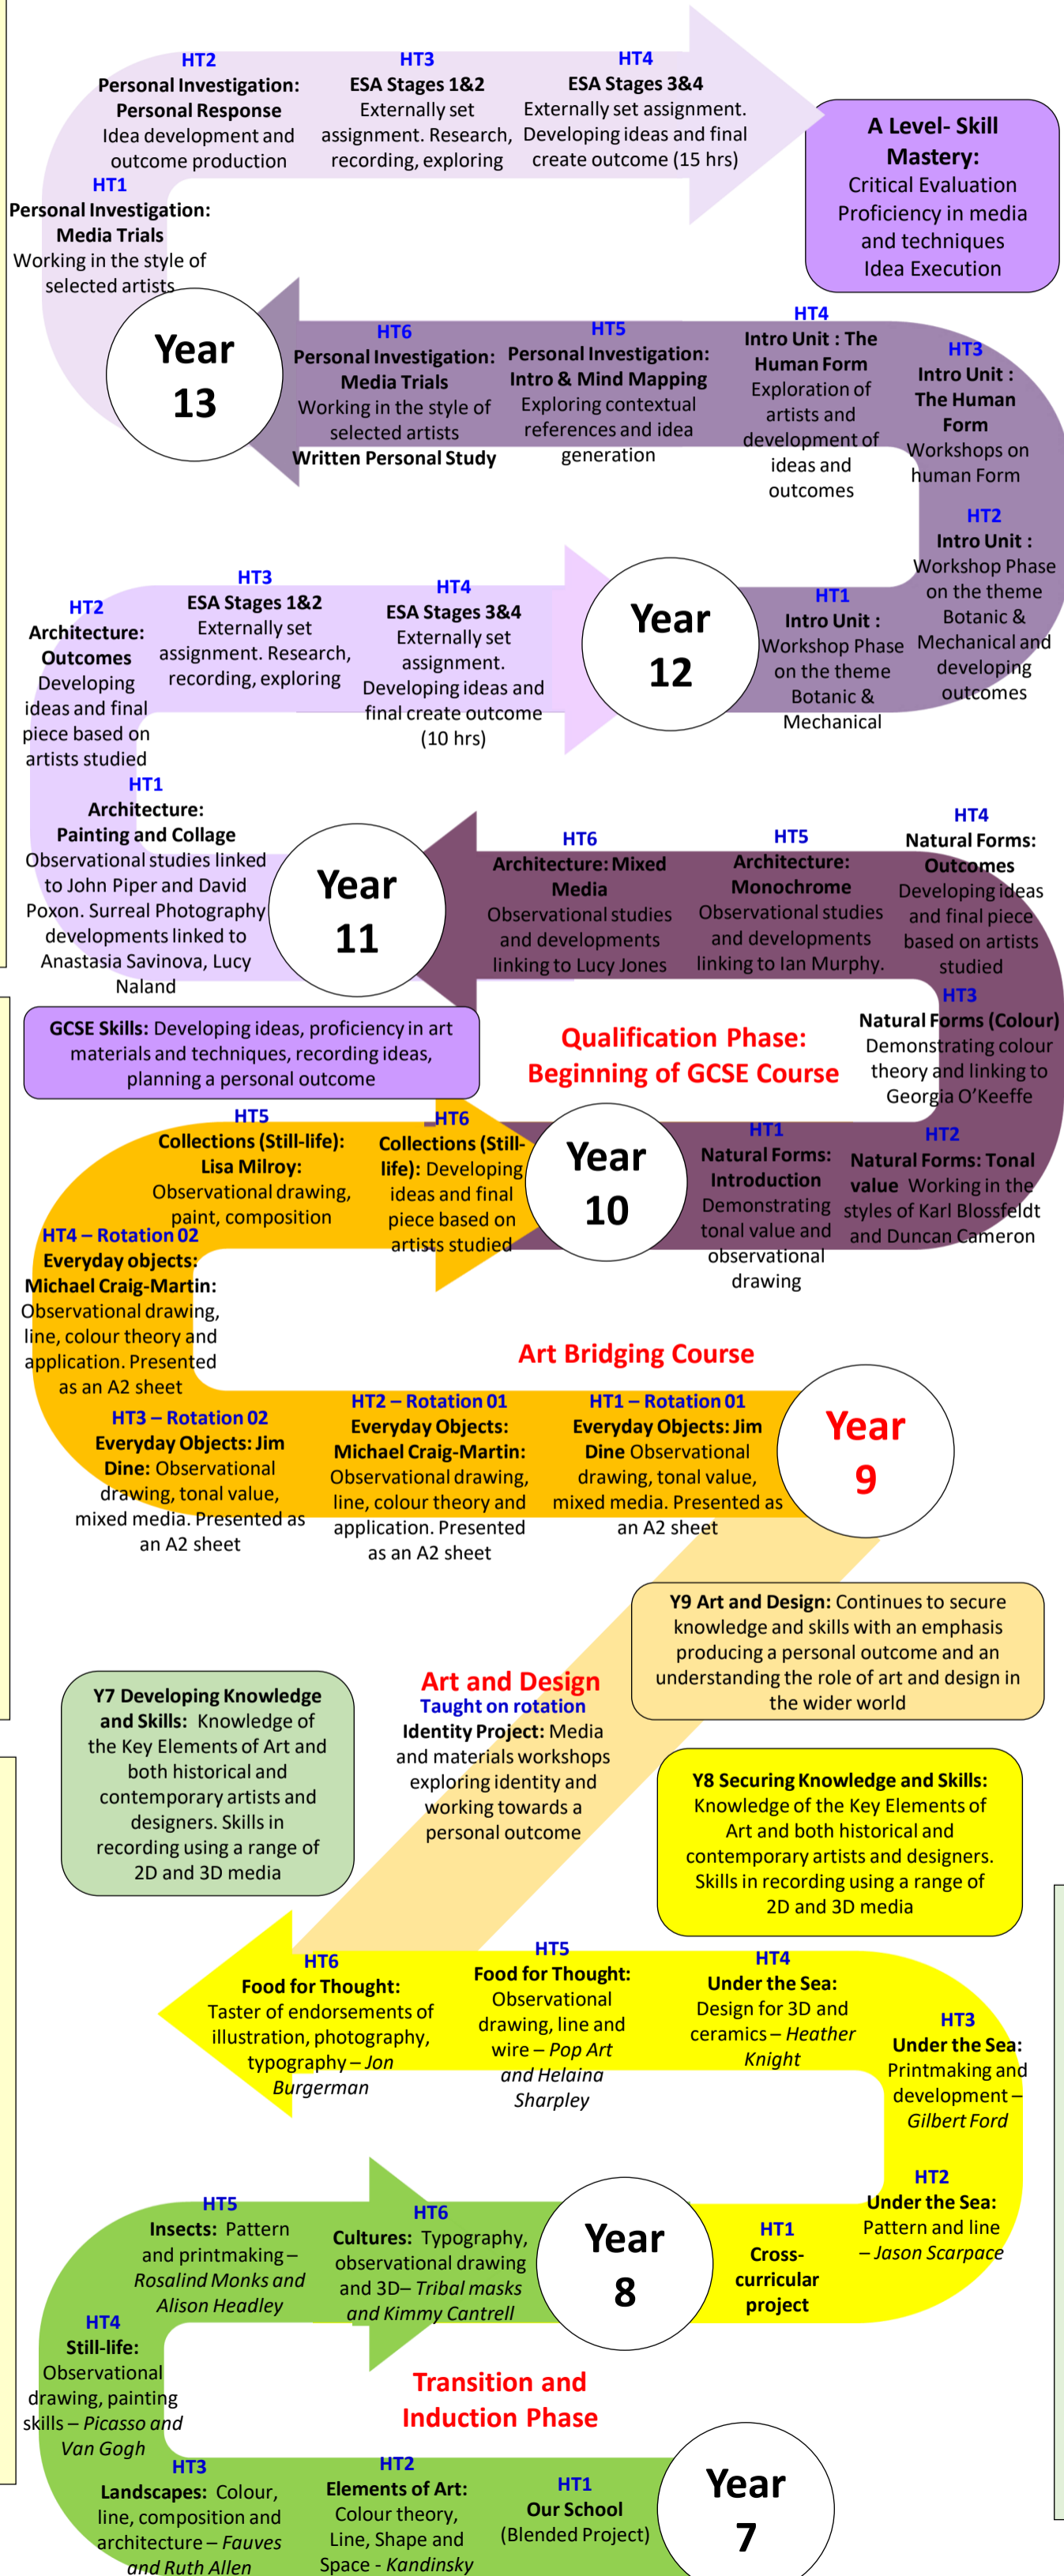

GCSE Intent:

-Engage in the creative process of art, craft and design
 -Experiment with, invent and create their own works
 -Develop and refine ideas and proposals, personal outcomes or solutions with increasing independence
 -become confident in taking risks and learn from experience

Transition and Induction Phase Intent:

- Knowledge around key areas of art of landscape, portrait, still life and sculpture
 -Develop a broad cultural understanding.
 -Explore the Formal Elements of Art as well as developing skills in research, recording and analysing
 -Develop confidence in a range of practical materials and processes

Implementation

Impact

By the end of A Level, students will know how to:

- Research; gather, select & organise visual information recording experiences and observations.
- Explore resources; analyse, discuss, evaluate & record independent judgements
- Develop and extend thinking informing their own work via knowledge & understanding of the work of others
- Generate and explore potential lines of enquiry using appropriate media & techniques
- Apply knowledge and understanding in making images and artefacts; review and modify work; and plan and develop ideas in the light of their own and others’ evaluations
- Organise, select and communicate ideas, solutions and responses, and present them in a range of visual, tactile and/or sensory forms

GCSE art and design students must demonstrate the ability to:

- Develop their ideas through investigations
- Select and critically analyse sources
- Refine their ideas as work progresses through experimenting with media, materials, techniques and processes
- Record their ideas using appropriate specialist vocabulary.
- Realise personal intentions
- Have an understanding of relevant practices in the creative and cultural industries

By the end of Y9, students will know how to:

- Develop their own ideas and execution of these
- Handle a range of processes and materials, including 2D and 3D
- Use a range of techniques to record their observations in sketchbooks, and other forms
- Analyse and evaluate their own work, and that of others
- Learn about the history of art and design, including historical and contemporary artists and designers
