

# **Business GCSE**

### **Curriculum Mapping - 3 Year Course**

#### Intent

#### **Qualifications Stage**

- The Business Curriculum will provide a curriculum with breadth and depth that enables young people to develop and achieve in depth understand of the day to day running of a Business.
- We do this through providing opportunities f or their personal development inside and outside the classroom.
- We prepare young people for lifelong learning through providing challe nging learning opportunities that motivates and inspires whilst at the same time preparing them for further education and for the world of work

### **Impact**

#### By the end of the qualifications stage, students will develop detailed knowledge and skills:

- The impact of our curriculum is that all students at the end of the GCSE have gained knowledge and progress on the GSCE Business course.
- Progress will be through excellent teaching and students mastering content in lessons.
- Students will understand knowledge, vocabulary and have a greater understanding of real life Business
- In addition, the overwhelming majority of our students will carry on to A Level or BTEC Business within education.

## **Implementation**
