

## Year 7 History revision Tips - Review 2

When revising for your Review exam, you need to start by looking back through your exercise book at the topics listed below.

We have provided a selection of textbook pages to support your exercise book work, if you are not confident on some topics.

Also provided are various knowledge organisers which you could use to revise certain topics. You could also create flash cards where you write questions on one side and the answer on the other.

You may wish to make mind maps. For example, 'Viking's in England' and around that write everything you can remember about what Vikings did in England - raided Lindisfarne and left, attacked parts of England and then settled.
