

Year 12 Digital Media Curriculum Sequence

Intent: The Level 3 in Digital Media is for learners who want to progress their creative IT skills and focusses heavily on the world of video games production. The creative skillset unlocks the pathway to lucrative careers in both creative and technical roles.

<p>Why This Topic? Learners begin the game development and mobile app units with the mandatory research phase. Learners will produce a game genre vlog and a presentation evaluating app development frameworks.</p>	<p>Why these topics? Learners continue to meet the unit requirements by producing design documentation and skills trials.</p>	<p>Why This Topic? Learners embark on practical pieces creating a video games for a given purpose and audience and a mobile app to a finite client brief.</p>	<p>Why This Topic? Learners continue with practical pieces creating a video games for a given purpose and audience and a mobile app to a finite client brief.</p>	<p>Why This Topic? The game and mobile app units are rounded off with suitable testing and evaluation skills.</p>	<p>Why This Topic? Students take their first steps into the world of 3D modelling. The animation unit enters the research phase.</p>
